Subject: Microsoft Settlement

I would just like to say that I have read about the proposed settlement, and I am not in favor of it in its current state. Please consider this a vote against the current settlement, as well as a vote to seek a settlement that is more favorable to Microsoft's competitors and the public. The settlement does not do enough to curtail Microsoft from abusing it's monopoly power in the future nor does it address many of their past abuses. Fair competition in software development benefits us all.

Thank you,
